

## Over 18

To join the army, men had to be 18 years old or older. To be able to say that they were over 18 without lying boys would stand on a piece of paper with the number 18 written on it. Then they would pronounce that they were indeed, “Over 18.”

You too can be “Over 18.” Just place an 18 in your shoe when enlisting.

Be sure to make a copy of the following page so you can cut out the 18’s for this activity.
